

GREATER LAKE SYLVIA ASSOCIATION NOTICE OF TREATMENT

The Greater Lake Sylvania Association (GLSA) has contracted to treat Eurasian Watermilfoil, Curly Leaf Pondweed, and Starry Stonewort, all invasive aquatic species during 2022. The Minnesota Department of Natural Resources has granted to Greater Lake Sylvania Association a waiver of the requirement that the Association obtain the signatures of approval of owners of lakeshore property. Instead, Greater Lake Sylvania Association will notify property owners through alternative forms. This notice is one form that the Greater Lake Sylvania is using to notify property owners. Other forms of notification may include but are not limited to notification through the association’s website, annual newsletter or annual meeting.

With regard to the treatments for this year, 2022 the target treatments are:

1. Curly Leaf Pondweed. The proposed dates for treatment is between May 15 and June 30, 2022.
2. Eurasian Water Milfoil. The proposed dates for treatment is between June 1 and July 15, 2022.
3. Starry Stonewort. The proposed dates for treatments are between June 1 through October 31, 2022.

The method of control or product being used: EPA and MDA registered aquatic herbicides and algicides such as but not limited to Cutrine Plus Algicide, Liquid 2,4-D, Granular 2,4-D, Diquat.

How landowners may request that control not occur adjacent to the landowner’s property.

If you desire that the treatment of any of the above listed invasive species not occur adjacent to your property, please notify the Greater Lake Sylvania Association by May 15, 2022 at the following address below:

Greater Lake Sylvania Association (or GLSA)
P.O. Box 41
Annandale, MN 55302

Sincerely,
The Greater Lake Sylvania Association

I request that no herbicide treatment occur adjacent to our shoreline property in 2022.
